CHIP funds and ensure compliance with the provisions of the CHIP program. Monthly payments of the County's CHIP allocation will begin once the State received and approves the CHIP Application and timely submission and approval of State required reports authorize the State to begin disbursing Fiscal Year 2006-07 CHIP payments to the County of Los Angeles.

FISCAL IMPACT/FINANCING:

The State issued the Fiscal Year 2006-07 official CHIP Distribution schedule. Los Angeles County anticipates receiving a total of approximately \$12.3 million, including \$11.5 million for the Department of Health Services and \$0.8 million for private hospitals and physicians.

The anticipated CHIP revenue has been included in the Fiscal Year 2006-07 Board Adopted Budget for DHS.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS:

On October 2, 1989, AB 75 was enacted to implement the distribution of Proposition 99 Tobacco Tax revenues from the collection of increased taxes on tobacco products. AB 75 established CHIP, a program which appropriates and allocates Tobacco Tax funds to counties based primarily on each county's share of the financial burden of providing health services to those unable to pay.

Counties participating in CHIP are required to follow the CHIP Application procedures, funding conditions, reporting requirements, and time frames established by the California Department of Health Services as a condition of receiving CHIP funds.

Recent CHIP Applications submitted to the State, which set forth requirements pursuant to state law to be included in the CHIP Agreement between the State and the County, have remained substantially similar in their terms. Based on newly enacted State law, effective January 1, 2006, the CHIP Application before your Board includes the following changes (requiring operational modifications by the Department):

1. Section 16952(d): Reimbursement to the County for administrative costs is now tied to actual administrative costs, not to exceed ten percent of the account, as opposed to the County previously receiving a flat 10% allocation.
2. Eliminates reimbursement for claims submitted for payment under the Federal Medicare Prescription Drug, Improvement and Modernization Act of 2003.
3. Expands the type of medical personnel who can provide emergency medical care which was included in claims physicians submit for reimbursement. Care provided by a supervised nurse practitioner or physician assistant may now be included.

4. Changes the 50 percent reimbursement limit per claim to conform to requirements of the Maddy Emergency Medical Services Fund, to allow for proportional distribution of remaining funds at fiscal year end to all physician claimants.

County Counsel and the Chief Administrative Office have reviewed and approved the attached CHIP Application for Fiscal Year 2006-07 and will be requested to review and approve all subsequent CHIP documents.

This Department requires original signatures of the Board Chair on each of the two attached CHIP Application, and a Board Adopted copy of this Board letter delegating authority to the Director and Chief Medical Officer of Health Services to approve and sign all remaining CHIP reports and documents for Fiscal Year 2006-07.
